ID	Title	Suite	Status	Comment	Link to Issue
Q88-207	TC_MOB_001 - Checking how the app appears on a mobile screen	Mobile	failed	UI layout is broken on mobile resolution (360×648). The 4th card is cropped and success/error pop-ups are displayed incorrectly on mobile screens.	https://jira.ithillel.com/browse/QM2643-66 , https://jira.ithillel.com/browse/QM2643-65
Q88-208	TC_MOB_002 - Testing on iOS	Mobile	blocked	Test execution is blocked because the application is available only as a web version. No iOS build was provided for emulator or device testing.	
Q88-209	TC_MOB_003 - Testing on Android	Mobile	blocked	Test execution is blocked because the application is available only as a web version. No Android build was provided for emulator or device testing.	
Q88-210	TC_MOB_004 - Testing the responsiveness of pop-up windows	Mobile	passed		
Q88-211	TC_MOB_005 - Testing button responsiveness	Mobile	passed		
Q88-212	TC_MOB_006 - Checking the mobile keyboard for fields	Mobile	blocked	Blocked: mobile keyboard behavior cannot be fully verified because the application is tested only in browser responsive mode without a real Android/iOS environment.	
Q88-213	TC_MOB_007 - Checking page scrolling	Mobile	passed		
Q88-214	TC_MOB_008 - Checking the screen orientation	Mobile	passed		

Q88-215	TC_MOB_009 - Checking card data masking in the mobile version	Mobile	failed	Failed: full card number and CVV are displayed in the mobile version. Sensitive card data is not masked.	https://jira.ithillel.com/browse/QM2643-67
Q88-216	TC_MOB_010 - Checking the “terms of service” link on the mobile version	Mobile	failed	Failed: the “Terms of Service” link does not open any document in the mobile version, same as in the web version. Linked to existing bug report.	https://jira.ithillel.com/browse/QM2643-64
